EXAMINER BERNICE HARPER
... with some St. Albert dancers

St. Albert dancers pass examinations

Five students from the St. Albert School of Dancing were accorded honors standings when Grades primary to 4 were examined by Miss Bernice Harper of the Royal Academy of Dancing last week.

Cindy Foreard, Grade 3; Lisa Knill and Glenna Smith, Grade 1; and Joanne Smith and Debra Jackson, Grade 1, are the honors students.

Laura Knill, Grade 3, and Valerie Smith, primary, were highly commended by Miss Harper, who has

examined more than 800 ballet students this year.

Mrs. Marilyn Myers teaches ballet at the St. Albert School of Dancing.

Other results were:

Commended - Grade 4, Cindy Foreard; Grade 3, Jeannine Martel; Grade 2, Christine Lensink; Lea Shelleney; Grade 1, Leslie Tandrup, Jane Barnes, Dianne Hoffman; Primary, Andrew Jackson, Patricia Skovberg, Lynn Babchuk.

Pass Plus - Grade 1, Marianne Waugh, Patricia

Johnson, Angela Evans; Primary, Cheryl Lastwika and Teresa Jones.

Pass - Grade 2, Jeanette Henry, Peggy Sinclair, Cathryn Phillips, Julie Stedelbauer; Grade 1, Marilyn Musto, Norah Jean Tooke, Arnen Mustaklem; Primary, Gall York, Risa Royer, Roxanne Hasselgruber.

The St. Albert Protestant Separate School District is celebrating its 10th anniversary this year.

And at the oldest school in the district, Sir Alexander Mackenzie, something is being done to mark it. Principal Rod Thronson Monday outlined a program that will see a teacher and student spend a week at Inuvik in the Northwest Ter-

ritories and which will see the rest of the school receive a visit from Alberta Premier Harry Strom.

Doug Parkinson, a mathematics teacher, and 13-year old Grade 7 student Cathy Olson of 27 Balmoral Drive, will leave for Inuvik Monday for a week at Sir Alexander Mackenzie school there.

They will cross paths with

Mrs. Buchanan, an Inuvik teacher, and Grade 8 student Abraham Ruben, an Eskimo, who will spend the week with S.A.M. students here.

Mrs. Buchanan and Abraham will be taken to meet town council Monday night. Tuesday has been designated as St. Albert Day.

Wednesday will be Alberta Day and Premier Strom will address the student body in the morning. Some classes and Mrs. Buchanan and Ruben will tour the legislature in the afternoon.

Thursday will be Western Day and students will wear dress appropriate for the occasion. There will also be western entertainment at noon.

Friday will be District Anniversary Day and a special program will be held in the school at 7:30 in the evening, for which former students and teachers will be invited back.

Besides tours of the legislative buildings, classes will also tour the planetarium, the Alberta Game Farm and the purification plant.

Separate school district celebrates 10th anniversary

Council briefs

Council decided at its last regular meeting that an order that Jasper Auto Parts remove the dismantled or wrecked vehicles stored outside the present fence by April 25 should stand. Owner J. Cohen had requested additional time to improve the appearance of the property because of the muddy condition of the premises was hindering the cleaning-up process.

Council approved a grant of \$500 to the St. Albert and District Chamber of Commerce.

At a special meeting council turned down a request from the Youville Home for cancellation of tax arrears, deciding that the method of payment of arrears and penalties is the only matter that is negotiable.

Council has approved construction plans for a Texaco service station in the downtown area south of the shopping centre. The service station will have natural stone facing on the Grandin Road elevation.

Chalmers accepts position at U of A

Dr. J. W. Chalmers has accepted a position with the faculty of education at the University of Alberta.

Dr. Chalmers has been superintendent of the St. Albert Protestant Separate School District No. 6 for the past two years. He had informed the board in March that he would be resigning at the end of the current school term.

Dr. Chalmers' appointment is to the department of educational foundations, concerned with educational history, sociology and philosophy.

The author of numerous educational and historical articles in Canadian and American periodicals, Dr. Chalmers has also written a number of books.

The most recent of these are *Schools of the Foothills Province* and *Teachers of the Foothills Province*, both published for the Alberta Teachers Association by the University of Toronto Press.

In 1966, "Schools" won its author the Hudson's Bay Company's Beaver Award for the best unpublished book-length manuscript produced in the Edmonton area.

Dr. Chalmers is immediate past president of the Edmonton branch of the Canadian Authors Association and of the Historical Society of Alberta and was the recipient of the latter's 1968 Award. In 1967 he was general chairman of the Banff Centennial Conference on Western Canadian History.

Before joining the separate school system in 1967, Dr. Chalmers was with the Indian affairs department of the federal government for three years, holding the position of regional director of vocational education when he left.

St. Albert Singers

Mrs. Lillian Upright, at the piano, leads the St. Albert Singers in a practice

in the lower hall of the United Church on Tuesday night. The Singers will pre-

sent An April Evening of Song in the hall at 8 p.m.

Friday, April 25, and Saturday, April 26.

Mothers seeking local playschool

A group of interested mothers are attempting to lay the groundwork for a playschool in St. Albert. "We are trying to find out just how much interest there is in a playschool," Mrs. Dennis Gibson said Monday. "If it appears there is enough, we hope to have a playschool operating next fall."

Mrs. Gibson said the group had approached the town for assistance in locating premises. She said the department of youth would help locate a teacher and assist in setting up the program.

"The playschool will be run on the same basis as

in Edmonton," she said, "with one paid teacher and two volunteer mothers for about 25 children. "It will operate three days a week, the days depending on the enrolment.

"We would like to be able to set the rate at about \$7 or \$8. The children would not be bused with the exception of field trips."

Children eligible for playschool would be those who would be one year away from grade school.

Anyone interested in seeing a playschool in St. Albert can contact Mrs. Gibson at 599-6165 or Mrs. Knute Nelson at 599-8415.

Local bowling winners

Two local bowling teams travelled to Red Deer recently to compete in the Provincial Homemakers Tournament. A team captained by Mrs. Muriel Heselwood came in third among teams from Calgary, Red Deer and Edmonton. Mike Wytshyn, manager of the St. Albert Safeway store in the top photo presents trophies to Mrs. Heselwood, Roberta Watt, Shirley McCaffery, Barbara Savelt and Dianne Nichol after they won the A event in the seven-team St. Albert tournament. In the lower photo Tom Prentice, manager of Grandin Bowl, presents trophies to Eileen Law, captain, Rose Cheney, Ruth Townes, Eileen Zinger and Dorothy Steele, B event winners.

Local air cadet band becoming well-known

The band from St. Albert Air Cadet Squadron 533 made its mark in the city Sunday.

The St. Albert band was chosen to lead the Edmonton squadrons on their annual church parade to celebrate the first day of Air Cadet Week, which runs April 20 to 26.

The St. Albert cadets first led the city Catholic cadets to services at St. Joseph's Cathedral, then returned to the federal buildings to lead the protestants to First Baptist Church.

Following the services, the St. Albert cadets led the city squadrons on a parade down Jasper Avenue from 109th Street to 100A Street. Capt. Marcel Bergevin, squadron commanding officer, said Monday the band is becoming widely known throughout central Alberta.

He said he has received many invitations from com-

munities to march in parades they have planned and it appears the band will be on the road at least every other weekend this summer.

The band asks only that it receive some assistance towards expenses when considering appearances.

The squadron is small enough that by using an honor guard, every cadet gets to make the trips.

The St. Albert cadets have

nothing special planned for Air Cadet Week.

"We're active enough," Capt. Bergevin said, "that we don't have to concentrate on one week. We have something going all the time."

The local air cadets at present are busily engaged in building their own aircraft under the guiding hands of Gerry Ward and John Cooley.

Town of St. Albert

Grosvenor Park Swimming Pool

SEASON TICKETS

Cost:	Town Residents	Non-Residents
Family	\$30.00	\$35.00
Adults	\$12.00	\$20.00
Students (12-18 yrs)	\$10.00	\$15.00

Hockey season ends with annual banquet

The 1968-69 hockey season officially drew to a close Sunday afternoon with the annual father and son banquet being held in the Club Moombo.

More than 350 boys played in the St. Albert Kinsmen Minor Hockey Association this past winter, a healthy increase over the previous season.

And the increase was never more evident than on Sunday afternoon.

The Club Moombo was filled to over-flowing. Extra tables were set up but at

least 25 persons never did make it inside the hall. The estimate is that \$29 did.

Roger Gellinas, who has been associated with the Edmonton Monarchs and Canadian Nationals, and Johnny Utendale, a Monarchs player, were guests at the banquet. Utendale also acted as master of ceremonies.

Trophies and crests were presented to the Canucks, champions of the shavers league; flyers, mite champions; Red Wings, pee-wee champions; and Black Hawks, bantam champions.

Individual trophies were won by Mike O'Neill, top scorer, and Brian Soule, top goalie, in the bantam league; Matt Lister, top scorer, and Chris Krupa, top goalie, in the pee-wee league; and Bradley Sinclair, top scorer, and Ricky Burial, top goalie, in the mite league.

There were no individual trophies for the shavers league.

Members of the Red Wings presented coach Randy Soule with a trophy for his work with them during the year.

The referees were honored for their long hours on the ice during the past winter. Receiving gifts from the association were Larry Boslak, Joe Spears, Jan Botts, Don Fender, Terry Garvin, Marcel Montpetit, Dale Walline, Doug Kane, Mike Belcourt, Roger Thornderson, Jeff Armstrong, Jens Oster, Irvin Larose and Matt and Steve Lister.

firemen have busy weekend

St. Albert's Volunteer Fire Department experienced a busy three days Saturday through Monday, being called out seven times.

The action started Saturday with a car fire in the municipality of Sturgeon. The department also answered two grass fires Saturday and two more Sunday.

Monday afternoon the department responded to a call from the southeast end of the municipality where fire was in the process of destroying a home owned by John Krupowski and rented by Mike Bandure.

The department was too late to save the frame home, so concentrated on saving the rest of the buildings.

At midnight Monday the department was back at the same location, dousing a blaze that consumed a shed

near where the house had stood.

Fire Chief Fred Tetarenko said the midnight blaze must have started from sparks the department didn't get the first time.

He said the fire in the house had started from the chimney.

Only way to golf

To a lot of people, the fun goes out of golf when legs begin to tire about the 16th tee. The problem is easily solved, however, if a person has a little loose change available. Dennis Walberg of Edmonton,

chauffeur, and Marcel Trincque of Montreal decided to get the most fun possible out of the game Sunday so they rented an electric car to tour the Sturgeon Golf and Country Club.

Water Safety says, "Tell your mother and father that you want to learn to swim NOW."

KC's to pay off debt

for Handi-bus

The St. Albert Council of the Knights of Columbus will pay off the final payment on their Handi-bus debt on Sunday, April 27.

A Communion breakfast will be held in the basement of the St. Albert Parish following the 9:30 a.m. Mass for the Knights and their families.

During the breakfast, the local council will turn over a cheque of more than \$1,500 to Ken Landvatter, director of the Edmonton Handi-bus Association.

The KCs raised the \$6,600 necessary to purchase the bus over a two-year period. The purchase was a Centennial project and the results of their labor will be on display on the Church parking lot over the weekend.

Around Town

The St. Albert Women's Institute will meet at the home of Mrs. F. L. Akins, 51 Sturgeon Road, on April 29. Roll call will be two cents per letter in last name. There will be a speaker on cystic Fibrosis.

The St. Albert Lions Club are organizing a special "walk to help others" for the young children of St. Albert, as they did last year. Details will be announced later when the plans are finalized.

We welcome the following to St. Albert:

Mr. and Mrs. D. Joyal and Mrs. A. Anderson and family of Braeside.

Mr. and Mrs. G. Olesky and family of Grandin Park; Mr. and Mrs. H. Mann of Mission Park district and Mr. and Mrs. S. Coghill and family of the Sturgeon Heights district.

Mayor Ray Gibbon is switching his hours at the Town Hall.

The mayor, who used to spend mornings in his office, will now be there afternoons.

He will be available to the public from 1 to 5 p.m. daily Monday through Friday.

THE LOVE BUG
... now showing at the Westmount Theatre

Vic Post wins Regina trip

Vic Post, 15, of 24 Sunny-side Cres., has won a trip to Regina to compete in the Canada-wide Science Fair May 9 to 11.

Vic's communications laser won him third place in A category in the Science Fair held at the Jubilee Auditorium April 11 and 12.

It was the first day of school and the teacher was explaining to the kindergarten class that if anyone had to go to the washroom, he or she should hold up two fingers.

After a moment's thought, a little girl near the back of the room inquired: "How's that gonna help?"

RECREATION

hi-lites

PEDAL PUSHERS' CLUB

Through the courtesy of the schools, application forms for the Pedal Pushers Club are being distributed this week. The procedure is being changed slightly this year. Instead of returning them to the schools, the forms are to be returned on registration night which is being held on Friday evening, April 25 between 6 and 8 p.m. at either Leo Nickerson School or Sir George Simpson Junior High Schools - whichever location is indicated on the notice attached to the application. The registration fee is 50¢. Parents are again urged to volunteer as instructors for this course which only lasts for 2 weeks.

There are well over 200 boys registered for soccer in St. Albert and they are being formed into teams. But teams need coaches and managers! Fathers and big brothers, please phone Mr. Lloyd Hopkins, soccer director, at 599-7887 and tell him you're interested in helping. If you don't know enough about soccer to coach you might make a very good team manager; lack of experience is no excuse!

JOGGING
Jogging is nowadays considered to be one of the most healthy forms of exercise good for heart, lungs and circulatory system, etc. If you would like to jog but are reluctant to "go it alone," phone the department of recreation at the Town Hall

599-6601. There must be many St. Albertans who feel this way and the department will be happy to act as go-between and arrange a time and place for joggers to meet.

TENNIS
The tennis courts are now ready for use. They are open to the public every day from 7 a.m. till night-fall apart from the hours when the St. Albert Tennis Club has the use of them: Mondays and Wednesdays 6 - 9 p.m. and Sundays, 1 - 6 p.m. and when instructional classes are being held (see separate advertisement).

Anyone using the courts is reminded that only tennis or gym shoes are allowed.

Mayor seeks sponsors

Mayor Ray Gibbon will be walking in the Miles for Millions March in Edmonton on May 3.

And he's looking for sponsors.

He has three to date, one for \$1 a mile and two for 25¢ a mile.

Anyone wishing to sponsor the mayor may contact him at 599-7614.

"Dad, why do you sign my report card with an X instead of your name?"

Father: "I don't want your teacher to think that anyone with your marks could possibly have a parent who can read or write!"

New Kinsmen

Monday evening saw five new members initiated into the ranks of the St. Albert Kinsmen Club. President Bill Hite and Past President Don Sinclair performed the initiation ceremony. The new members from left to right are: Al London, Don Terrault, Don Roman, Ron Wooliam and Lorne Parry, are already very active in many club functions and with rodeo just around the corner, they will be still more active shortly.

Tennis club names officers for 1969

Mrs. Judy Wood was elected president of the St. Albert Tennis Club at its annual meeting Friday at the Clubhouse.

Other executive officers are: Vice-president, Jack Harding; secretary, Mrs. Angela Sountag; treasurer, Mrs. Betty Ontkean; tournament captain, Clark Warren; junior co-ordinator, Dave Hansen; junior representatives, Roberta Parsons and Dave Almond.

Reports for 1968 were received from Floyd Maybee, president; Jack Harding, treasurer; and Lorne Wood, tournament captain. Registration night for those interested in joining the club or in lessons will be Tuesday, April 29, from

7 to 8:30 p.m. at the Clubhouse.

Tennis instruction will begin the week of May 5. It will be available for both adults and youngsters, at 7:30 p.m. Tuesdays for the adults and at 4:30 p.m. Mondays and Tuesdays for the youngsters.

Membership fees are as follows: Students, \$2; adults \$5; couples \$7 and family \$10.

For further information phone Mrs. Judy Wood at 599-8696.

The opening junior tournament will be held Sunday, May 11, at 1 p.m. This will be a singles tournament with the results being used to determine the starting ladder positions for 1969.

< A GENEROUS SOUL!

The chairman of a United Fund drive undertook to solicit a wealthy man who had never contributed. When he approached the prospect, he was promptly turned down. He decided to give him both barrels. "Do you know that we had a financial study made on you?" he asked. "It showed that last year your net was \$100,000."

"No, I didn't know that," the wealthy man replied. "But let me ask you a few things. Did that study tell you that I have a widowed mother with no means of support but her Social Security? Did it say that my sister's husband was killed in a terrible accident, leaving her with six small children? Did it tell you that my brother was so badly injured in World War II that he exists on a veteran's pittance?"

The United Fund man had softened so much that he was ready to dig into his own pocket to help this needy family when the prospect went on: "I don't give them anything. So why should I give to the United Fund?"

There's a multi-billion dollar headache brewing for North America and, sooner or later, we must face up to taking the cure. In Great Britain they have coined the word "metrication" for the terrifically complex business of converting to the metric system of weights and measures. There will even be a hundred pennies to the pound. Having made their decision in 1965 to metricate, they hope to have it completed by 1975 although it might be a few years more before things are running smoothly.

Obviously we in Canada will be guided by what big neighbour does, since that is one area where we could not act unilaterally. But, whichever way it goes, we'll all be advised to give the British experience a very careful scrutiny.

The cost will be stupendous. General Electric figures that for them alone it will be \$200 million. A Stanford Research Institute study estimates the cost for the U.S. at \$11 billion spread over many years. Against that, however, must be calculated the cost of NOT going metric. The loss in foreign trade every year is estimated all the way from \$10 billion to \$25 billion for that one reason.

How long can our two countries withstand the pressures? Between us we represent only 6 to 7 percent of the world's population. Yet the last 20 years have seen 50 per cent switch over to metric, including Japan, India and China. Now they are being followed by Australasia, South Africa and Great Britain. Bearing in mind that most of Europe has been metric for generations, think what a market is represented by those billions of people.

Most of the pressures come from industry rather than from government. As for the public, meaning ourselves, we'd probably never make the change unless we were pushed into it. Even our thinking will be different and

certainly our language will be poorer. When they no longer have the yardstick as a measurement, future generations will never know that it first measured the distance from the tip of Henry 1's nose to the end of his thumb. And what will happen to the four minute mile?

But think of the emancipation in the schools. No more rods, poles or perches to be learned and forgotten. The meter, which is 39.37 inches, will become the basic measurement. A liter is the volume of a cube measuring one tenth of a meter on each side, while the gram is one thousandth of the weight of a liter of water. Each of these units can then be stepped up or down merely by prefixing them with kilo - (1000 times), centi - (1/100) or milli - (1/1000). Thus, rather than saying a liter of water weighs 1000 grams, we would say it weighs a kilogram. And a metric ton becomes 1000 kilograms, which certainly speeds up calculations. You may have noticed that our hospitals have switched over already. Your next grandchild, Sam my boy, may weigh 4 kilograms and measure about 36 centimeters. But he'll still look like other babies.

Of course you would have to learn new board measurements too; that will be tough on you but it will be far easier on your grandchildren. And all the complex variations in the building industry will be much more manageable when we can start from a basic module and bring all related measurements on to a metric basis. In the meantime, we will see how the British manage their problems and we'll be far, far better able to judge for ourselves.

Doorman to man who just ran up to street corner: "Excuse me, sir, but if you are the palefaced gentleman who looks like a lop-eared rabbit, I was to tell you that your wife got tired of waiting and took a taxi."

TELEQUIPT BLUEPRINT

It's a great design — but how about telephone requirements? Right at the blueprint stage is the time to take advantage of AGT's free Architects, Engineers and Builders Consulting Service. With this professional assistance, you can be sure that your plans incorporate sufficient telephone outlets — accommodation for switching equipment, and provision for conduits. In short, you will have a building that is "Telequipt" — where telephone requirements, present and future, have been designed as an integral part of the structure. While your building is in the planning stages contact AGT's Consulting Service. Call Calgary 262-8611 (collect) or Edmonton 229-1998 (collect).

REFERENCE SECTION
 We have just placed the following books in the reference section of the library: World Book Encyclopedia; World Book Dictionary; World Book Atlas; Childcraft (encyclopedia for young children).
 These books were purchased with money received in the form of a donation

from the following firms: Northwestern Utilities; Canada Safeways; Tamblin Drugs; Northern Alberta Dairy Pool and Silverwood Dairies.
 We have received a further donation from Sunwapta Broadcasting which we will put towards purchase of some more reference material.

GALILEE HAS SEEN CENTURIES OF VIOLENCE

For nearly two years the Sea of Galilee — the water the Prince of Peace walked on — has been free of the tides of violence that have swept it since Bible days. Arab guns and the Israeli troops that captured them in June 1967 look down from Syria's Golan Heights across a freshwater lake 13 miles long and ringed by lands as storied as any on earth. And sometimes as bloody.

A day's march west of Galilee, says the National Geographic Society, lies Armageddon itself, The Plain of Esdraelon on today's maps, this gateway between Africa, Asia, and Europe saw so much fighting as armies churned through that it took on the name of the traditional last battle between good and evil.

SOLACE TO SOLDIERS

Galilee's clear water has been a balm to the footsore Greeks of Alexander the Great and to the conquerors from Rome. Through the centuries it has bathed the wounds of Christian, Moslem, and Jew.

Roman legions stationed in towns along the lake put out from shore to fight a Jewish navy in a critical battle. The Crusaders' might in the Holy Land was broken within sight of Galilee's blue water when the cavalry of Saladin, the Saracen chief, and an armor-sizzling July sun combined victoriously in the year 1187.

Jews fleeing the destruction of Jerusalem in the second century sought refuge at Galilee, remaining to build synagogues and establish a spiritual and intellectual center.

Agriculture thrived, trees grew in groves, fishermen harvested the lake. Probably a million and a half people lived around the waters and along the Jordan River valley.

But the land itself suffered new ravages. Nomad farmers and their omnivorous goats stripped the land of much of the greenery that had made it a garden spot. Earthquakes, drought, and soil-washing storms took their toll.

WASTELAND BECOMES GARDEN

For centuries the area around the Sea of Galilee was virtually a wasteland. In recent years, however, draining, irrigation, and fertilization have turned lakeside land again into fertile gardens. Vegetables, melons, flowers, and other crops flourish.

A temporary setback occurred in January 1969 when much farm land and commercial fishponds were flooded. Heavy rains briefly raised the lake water to a record 681 feet below sea level.

The Sea of Galilee, center of so much turmoil for ages, is also the land of Jesus. As related in the National Geographic book *Everyday Life in Bible Times*, Jesus moved from his childhood home at nearby Nazareth to Capernaum on the northern edge of Galilee.

A hill overlooking the water is the traditional site of feeding the 5,000 — the miracle of the loaves and fishes.

The Sermon on the Mount is believed to have been delivered from still another height along the lake. The message of peace and love was delivered beside waters that have witnessed so much violence.

A BETTER CHICKEN

A new strain of chicken which lays more eggs, eats less feed, survives disease better and produces higher-quality eggs than any other commercially available chicks has been developed by Kenneth Barr of the Canada Department of Agriculture.

What's even more exciting is Mr. Barr's belief that the same breeding system used for these improved hens could be used to produce better cattle, pigs and sheep.

One out of every five Americans changes his residence each year.

Trade Fair set "to go"

More than 100 firms and governments will show their best achievements to the public at the seventh annual Northwest Canadian Trade Fair set to open Monday, April 28, for six days at the SportEx.

The big show is "set to go," according to Manager A. J. Harvey of the Edmonton Exhibition Association, sponsors of the annual event.

The Trade Fair is the largest of its kind west of Toronto. The exhibits valued at over \$500,000 will be displayed throughout the 70,000 square feet of the SportEx Building and on a specially prepared area outside the SportEx where helicopters, a portable city and other heavy equipment will be shown.

The theme of this year's show, "Travel and Transportation" has brought many new exhibitors into the Trade Fair.

Included are all the major public carriers, Canadian

National, CP Air, Wardair, Pacific Western Airlines, Air Canada, Coachways, and a variety of associated travel companies. They will all have major exhibits and information displays in the Trade Fair.

This is the first year that the Trade Fair has followed a particular theme.

Judge Roy Bean, who boasted that he was the only "Law West of the Pecos," was a saloon-keeper and justice of the peace in Langtry, Tex. Judge Bean held his court at one end of his bar.

Farm Machinery Costs Examined

Dr. Clarence Barber, Chairman of the Royal Commission on Farm Machinery, said today the Commission will soon publish a detailed examination of farm machinery prices. The study will review the situation in which Canadian list prices of certain farm tractors and combines are substantially higher than the list prices for identical machines in many other countries.

Evidence presented by the Commission at its hearings with the farm machinery companies about a year ago shows, for example, that a Ford "5000" tractor, assembled in England from components made there and in Antwerp and Detroit, carried a list price of \$5,392 in Canada compared with a Canadian-dollar equivalent of \$3,408 in England, \$4,476 in South Africa, \$4,494 in Italy, \$5,305 in France and \$5,478 in Sweden.

Dr. Barber said there is a similar pattern of international differences in list or "suggested retail" prices for other makes and models. He noted that many of the smaller-horsepower tractors sold in Canada are built in Europe. Nearly all Ford tractors sold in this country are assembled in England, as is the

International Harvester "434" model. John Deere "510" and "710" tractors are made in West Germany. Cockshutt's model "1250" is built by Fiat in Italy. All Massey-Ferguson tractors sold in Canada are assembled in Detroit, but many of the components are manufactured in Europe. Case and Allis-Chalmers tractors sold in Canada are manufactured in the United States.

In public hearings by the Commission about a year ago, representatives of the Canadian farm machinery manufacturers noted that differences in "list" prices overstate the differences in prices actually paid by farmers. They estimated that the average dealer discount in England is 18 per cent compared with 27 per cent in Canada. Distribution and marketing costs also are higher in Canada, it was said.

Dr. Barber said the Commission's detailed report on these and other factors in the price differences should — hopefully — "provide a basis for possible government action that might produce some long run changes in the international pricing pattern".

PARADE OF WORKMEN

BUNNY, England — A tiny button fell off a factory's telephone switchboard here — and putting it back required the services of 10 specialists from six unions.

The parade started when two engineers came to put the one-inch button back. But it fell off and rolled under a cabinet.

Then two carpenters, called to move the cabinet, tore the floor linoleum.

That brought in two linoleum-layers, but they found a heater had to be moved first.

Two electricians, called in to shift the heater found a hole in the floor, so two bricklayers had to fill it.

After the linoleum-layers finally did their job, employees tripped over the new linoleum, and the floor now has to be tiled.

But the button is back on the switchboard at the plant.

"You really ought to taper off, Sam," said the doctor, following an examination. "Which would you rather give up — wine or women?"

"Well," said Sam, after a moment of thought, "it would depend on the vintage."

AUCTION SALE

Having received instructions from Mr. Harold R. Clark R.R. 4, Edmonton, Alberta, the undersigned Auctioneer will sell by Public Auction, 3 miles north of Nmapo Store (Highway 28) or 6 miles east and 3 miles south of Morinville.

French oratorical contest to be held

Le concours oratoire annuel aura lieu vendredi, le 25 avril, à 9 heures du soir dans le gymnase de l'école. Des élèves de la première à la douzième année participeront à ce concours qui consistera cette année à déclarer une œuvre devant l'auditoire. Il y aura trois juges de l'extérieur et il n'est pas impossible que le nouvel évêque du diocèse préside l'assemblée. Les

prix et les diplômés de l'examen de l'ACFA de juin dernier seront distribués, au même temps que les gagnants du concours de déclamation recevront leur trophée.

The annual French Oratorical Contest will be held on Friday, April 25, at 9 p.m. in the gymnasium of the school. Candidates from

grade one to grade twelve inclusive will take part in the contest, which will consist entirely of recitations this year. Prizes and diplomas for last June's ACFA examination will be distributed along with the trophies for the winning contestants of the evening. There is hope that the new bishop of the diocese might preside at the meeting.

Bon Accord to see north film

The Bon Accord High School Students' Union will present the film "North of the Sun" in the school auditorium on Friday, April 25.

The film, which was previously presented at the Jubilee Auditorium, will be offered at reduced rates of \$1 for adults, 75¢ for students and 50¢ for children. Gordon Eastman's fine camera work takes viewers on a visit to the Eskimos of Point Hope, Alaska, into their homes, onto their hunts.

Billed primarily as a hunting movie, it proves to be more than that. It is the story of a people's never-ending struggle for survival in the frozen north.

Gibbons 4-H

The Gibbons 4-H Garden Club held a business meeting at the home of Kathy and Richard Visscher on Saturday, April 5.

A discussion was held on the club's entry in the annual Variety Night at Gibbons on Friday, April 18. As in previous years the club has entered.

Public speaking is still a topic of discussion. In the county finals at Morinville on Friday, April 11, Edith Paradis received honorable mention in a field of 15 competitors. Harvey Visscher will speak at the Beverly Crest Motor Hotel on April 21 - his topic is "Respect for the Law - a Cornerstone for Citizenship."

Two club members Barbara Paradis and Linda Lamoureaux just returned from a week as guests of CFCW Camrose. The trip was the award for placing in the top nine with a radio play entered in CFCW's 7th annual 4-H Radio Play competition. The girls report having a marvellous time. The club plans to hold their annual tea and rummage sale on May 3, at the Gibbons Hall. Everyone is more than welcome.

Gibbons news

In future ratepayers of the Village of Gibbons will be responsible for the thawing of any frozen water lines on their property.

Both although council decided at its last meeting that ratepayers must get their own means of thawing out the lines, it also decided to pay half the cost. Villagers are asked to submit bills to the village office.

Sabourin-Bergewin wedding

LEGAL - St. Emile's Roman Catholic Church was the scene of a beautiful spring wedding when Helene, daughter of Mr. and Mrs. Lucien Bergewin exchanged marriage vows with Raymond, son of Mr. and Mrs. Andre Sabourin from Morinville.

The double ring ceremony was performed by Father Martneau before an altar banked with Easter lilies and baskets of spring flowers. Soloists were Mrs. Walter Van de Walle and Mr. and Mrs. Lucien Montpetit accompanied at the organ by Rachelle St. Martin.

Given away in marriage by her father the bride, gleaming with happiness looked radiant in her floor length organza and Venice lace wedding gown. Her round scooped neckline was trimmed with Venice lace and two borders of same lace accented the bottom of her gown. Her empire line gown's skirt fell into an A-line with a detachable train flowing from the shoulders.

Her six tier nylon illusion bouffant veil was held in place by a pearl crown head-dress. She carried a bouquet of red roses.

Bridesmaids Corinne Bergewin sister of the bride, Lorraine Brisson and Rachelle Brisson were identical blue sheer over taffeta gowns with long sheer cuffed sleeves, with detachable ruffled edged panel flowing from the shoulders. They carried nosegays of tinted pink mums accented with tiny blue bows that matched

the blue baby roses in their bouffant hairdos.

Best men were Denis Sabourin, brother of the groom, Leo Bergewin, brother of the bride and Denis Pelletier.

For her daughter's wedding Mrs. Bergewin chose a soft coral wool crepe two piece suit complemented with a corsage of white roses, with matching bone colored accessories.

Mrs. Sabourin wore a two piece rose and white checked formal suit with white roses en corsage, and matching accessories.

A banquet was held at the Community Centre with some 150 guests, with George Sabourin as master of ceremonies.

Later in the evening a dance and refreshments was enjoyed by another 150 guests.

Before leaving for their honeymoon to Vancouver and Victoria the bride changed to a lovely dark coral two piece spring wool suit with matching eggshell accessories.

Mr. and Mrs. Sabourin will reside in Legal.

Note received by a second-grade teacher: "Susan is late this morning because that little mechanical device that is so relied on to get husbands to work and children to school on time failed to function - neel"

Walter Safety says, "Kneel or sit low in a canoe. If upset, HANG ON to the canoe until help arrives."

Legal Locals

Sympathies from the community are extended to Mr. Lionel Forcade, who is mourning the loss of his sister, Mrs. Antoinette Fowler who passed away last week in Victoria.

Mr. and Mrs. Paul Mercier from Grimshaw were weekend visitors at the home of Mr. and Mrs. Philippe Mercier. Mr. and Mrs. Mercier have just returned from a trip to San Diego.

Mr. Joseph Nault and Mrs. Lionel Forcade are in hospital.

Miss Emilie Prefontaine was feted at a miscellaneous shower Sunday afternoon at the recreation centre. Emilie looked lovely in her shrimp and white formal dress complimented by a corsage of tinted shrimp carnations.

After the guest of honor sat at the headtable accompanied by her mother, Mrs. Emilie Prefontaine and her future mother-in-law, Mrs. Allan Keane, the hostesses Mayme Keane and Joanne Prefontaine, removed her flowered corsage and pinned on an original one made of a dish towel, colored measuring spoons and pussy willows. "It was really quite attractive."

Constable S. R. Cameron, son of Mr. and Mrs. R. A. Cameron of R.R. 2 Morinville has successfully completed recruit training at Myraski Park with the Royal Canadian Mounted Police. He has been posted to the province of British Columbia for duty.

After several games the singing group called "Les Marines" rendered several selections with appropriate songs for the occasion.

Following the opening of gifts Emilie thanked everyone for their best wishes tucked in every gift and also to the hostesses for preparing this lovely shower in her honor. Adelicious lunch was served to 80 friends and relatives attending.

Emilie will become the bride of Gerald Keane on April 26.

Fifteen couples from Legal attended the Knights of Columbus Initiation banquet

in conjunction with La Verendrye Council's 50th Anniversary at the Polish Hall in Edmonton.

Congratulations are extended to the newly initiated Legal members.

Exhibition sets up farm family award

In a new salute to agriculture, kingdom of Alberta's economy, the Edmonton Exhibition Association this year will launch a new program called the Alberta Farm Family Award.

Award winning farm families from 32 areas covering the province from Red Deer north, will be brought to Edmonton during Klondike Days as guests of the Exhibition and receive recognition for their success on the farm, in their community and as a family.

Purpose of the program, according to Walter H. Sprague, EXA chairman, is to better relationships between urban and rural citizens; to focus attention on agricultural aspects of Klondike Days at the Edmonton Exhibition, and to set before the public the high ideals of agriculture

and the opportunities of rural citizenship.

Selection of award-winning families in each of the 32 designated areas is being organized by over 125 different chambers of commerce or boards of trade and their committees, by provincial agriculture department representatives and Alberta Master Farm Family winners where available.

Families must be resident on a farm, must look to farming as their main source of income, and must not have won a major agricultural award, in order to be eligible for the new competition. The major factors involved in judging will include a family's contribution to agriculture; its contribution to the community, and its effectiveness as a family unit.

Namoo News

The Namoo 4-H Buttons and Bows Clothing Club will hold its Achievement Night on Tuesday, April 29, at 8 p.m. in the Namoo Community Hall. Everyone is welcome to attend.

The Namoo UCW Group 1 held its luncheon meeting on April 16 at the home of Mrs. Barbara Crozier with about 25 members present. Guest speaker for the meet-

ing was Mrs. Wishart, wife of the minister serving Carnew United Church. Mrs. Wishart spent five years in India and gave a very interesting talk.

A shower was held in the Namoo Community Hall on April 15 in honor of Miss Linda Paul whose marriage to Mr. Lorne Spady of All-fiance took place on April 19th.

Morinville bake sale

The Morinville Mother's Local Association of Guides and Brownies are holding a Bake Sale at Calder Agencies Building in Morinville

Saturday, April 26th from 9 a.m. to 4 p.m. Support of Guides and Brownies will be greatly appreciated.

4-H Sturgeon council meets

The 4-H Sturgeon Council meeting was held March 31.

April 26 was the suggested date for a Junior Leader Course, to be held in the County building.

April 20, the Edmonton Regional Council will sponsor the tap dance review at the Jubilee Auditorium. Twelve ushers will be required from Sturgeon.

The Edmonton Regional Council will host the Wisconsin 4-H group who will arrive Aug. 4. It is expected that each 4-H club will host one member from this group. Fees will remain at \$20 per club.

Mrs. Robertson is the Sturgeon Council representative for the advisory board for Camp He He Ha.

The North West Council held their annual bonspiel at Barrhead. Two teams from Sturgeon placed second in the total points. A team consisting of Todd Cassidy, skip, Barbara Paradis, third, Martin Soetart, second, and Carol Rigney, lead, captured first place in the bonspiel. The other team consisted of Valerie Durocher, Darrel Kremer, Robin Madeau and Mary Borle. Congratulations, kids!

Sanctum report

The Sanctum is open for business every Friday, Saturday and Sunday.

On Fridays and Saturdays it opens at 7 p.m. and remains open until the people leave. On Sundays it opens at 2 p.m. and remains open until about 11.

A concession operates all the time it is open.

There was a jam session last Sunday afternoon and another one in the evening.

There is a strong possibility that there will be another one this Sunday. All teens are invited to attend.

The Sanctum will hold its first annual newspaper drive in the near future and residents are asked to save their old papers for them.

No 'Best' Position for Baby

There is no "best" position for a newborn baby to sleep. He can on either side, on his back or on his stomach, says the federal health department publication The Canadian Mother and Child.

Laying him on his right side or on his stomach after a feeding helps him get rid of air which he may have swallowed. Whatever position you put him in one time, vary it the next. He may like a change.

Incidentally, there is no danger of smothering if a baby is put on his stomach, providing his mattress is firm, his sheet is well tucked in and he has no pillow.

If plastic is used as a mattress cover, it would be of the heavy, not flimsy type.

Even a tiny baby can lift his head and turn it to one side when lying on his stomach on a smooth, firm surface.

Review of Mounties

a highlight of the entertainment program being planned by Canada for the 1970 Japan World Exposition will be a review of the Royal Canadian Mounted Police on May 28, provisionally set for Canada Day.

The Canadian Government is scheduled to send to Japan 36 horses and men of the famed RCMP as well as a band to stage the review at the Festival Plaza. At the Canadian Pavilion in the center of the Expo '70

site, four horses and mounted policemen will entertain visitors during the 183-day period of the Exposition.

"Anne of Green Gables" will be performed at the Expo Theatre at the northern end of the Symbol Area from May 26 to June 14. The Canadian National Ballet Troupe is also scheduled to take the stage.

In a pond in the center court of the Canadian "Palace of Mirrors" goldfish reimported from Canada will be released. The Japanese "Kingly" fish are favorites of Canadian people and are kept in living room aquariums of many households there.

The bus named "Discovery," after the theme of the Canadian exhibition at Expo '70, will be put on display at the Canadian Pavilion. It is now touring Canada for the

NORSE CHINESE

Sour Dough Sam in Blast Off tells this story:

'I had to get some laundry done here so I went into Swen Olson's laundry. Behind the counter stood an enormous Chinese. I asked to see Swen and he told me he was the man. "How come your name is Swen Olson?", I asked.

'Well,' he said, 'when I came to this country I lined up behind a Norwegian and when the Immigration official asked him his name he said, Swen Olson. When it was my turn and the official asked me my name I said, Sam Ting'.

LABELLED

A girl was shopping for a dress to wear to a sports event and, after much looking around, decided that the only dress which would satisfy her was the one on the mannequin in the store window. Naturally, the clerk got it for her, and the girl went away happy.

Nobody bothered to put another dress on the dummy in the window until the owner of the store happened to notice that there was a crowd of people in front of the store laughing. He rushed out and saw that the nude model was labelled with a card that read: "Just the thing for the sport you like."

Parks board holds meeting

The St. Albert Parks and Recreation Board held its first meeting of 1969 in the council chambers on March 28.

This board was established in 1968 through a town by-law to act in an advisory capacity to council in matters concerning parks and recreation. Any individuals or organizations wishing to make representations or recommendations to the board are invited to do so.

The next quarterly meeting will be held in June on a date which will be announced later, at which time representations and suggestions may be considered. These should be made in writing to the secretary, Parks and Recreation Board, Town Hall, St. Albert.

★ BILLBOARD ★

Hercules Sports Club strides ahead

For a time in 1967, Tom Ferguson of 8 Garden Cres. was about the loneliest man in town.

He was the head of an organization that at the time was keeping its books with red ink.

And he, as the sole surviving member of the executive, was holding the pen. It was, Mr. Ferguson reflects today, the low point in the young life of the Hercules Sports Association.

But things have changed since then. Hercules is once again a thriving organization, planning, quite happily, a mortgage burning ceremony in the near future.

It has a full executive again with Don Hunt as president, Del Larsen as treasurer, Mrs. Joan Cooley as secretary, Lloyd Hopkins as soccer director and Eric Gibbs as soccer house league manager.

There is one other executive member, one whose duties and titles have never really been defined. Actually, the duties mean just about anything nobody else is handling and the title has been pretty well bolted down to executive vice-president and general Joe boy. The position is held by Mrs. Lloyd Hopkins.

The organization is again opening its eyes wide, scanning a broader horizon. When the late Wm Netelenbos and Fred Deluca founded the organization in 1962, it was concerned primarily with soccer. Later, however, it got into boxing, fencing, judo, track and field, football and hockey.

Then it ran into dark days and when the pieces stopped falling, only soccer was left, back almost to the stage it was when Mr. Netelenbos and Mr. Deluca first trotted a group of boys on to the pitch beside Vital Grandin School.

But now, with little money but lots of spirit, the club

HERCULES PEEWEES HOLD FIRST PRACTICE OF SEASON

... out of players such as these may come another championship

has picked up the pieces and again has plans.

"We want to do something for the girls," Mrs. Hopkins says, "so we're considering softball. We started table tennis for them last winter but ended up with a lot of boys taking it, too."

The table tennis program, started in January proved so successful, in fact, that it will probably be expended next winter.

Hercules would also like one day to have a clubhouse of its own, a place where "the kids can just drop in, a place they can call their own, where they can stop for a game of pool or to meet on their way home from school."

"We want to fill a need,"

says Mr. Hunt, "we want to supply things that aren't already here. There's no need for us to get into hockey or baseball because they are already being run well."

Hercules will not forget the dark days of a couple of years ago. Mr. Ferguson will be around to see to that. And the new members, the ones who pitched in to help him reverse the downward slide, will not forget easily. They remember that in everything they planned, they had to first think of the mortgage hanging over their heads.

"It was mostly inexperience that got us in trouble," Mr. Ferguson says. "We hadn't had any experience running a club with the con-

cept Mr. Netelenbos had of Hercules, with kids getting a chance to compete for as little cost as possible."

"A youngster could compete in an expensive sport like fencing for the same price as one going into an inexpensive sport like soccer."

Actually, Mr. Ferguson says, it was bringing in fencing and football that brought about the club's temporary downfall.

"It was the worst thing that ever happened," he says, "We almost priced ourselves right out of existence. The football equipment was bought by the town but there were other expenses. The team only operated for two years, then was non-existent."

A lot of money was spent on football and fencing that should have gone into something else."

When Hercules was formed in 1962, it was actually only a pee-wee soccer team. The next year, the year Mr. Ferguson joined, there were three teams.

The second year two St. Albert pee-wee teams played off for the Northern Alberta title but the winner lost to Calgary in the provincial final. The bantams reached the northern final but lost out on a disqualification.

When Mr. Netelenbos started the first soccer team it was known as the St. Albert Soccer Team Hercules. After the successful season of 1963, the St. Alb-

ert Hercules Sports Association was formed.

Judo, boxing, football, fencing and track and field were added to the sports Hercules sponsored.

Everything went well for a time, then things began to drop off.

Mr. Netelenbos, always a driving force, left the club in 1966.

Football was too expensive to stay. The club lost its judo instructor. In 1967, track and field disappeared from the scene.

There were not coaches for soccer in 1966 and in 1967 there were only 40 boys in the sport. Mr. Ferguson, ever conscious of the loan hanging over the club, tried to keep things alive by maintaining at least a partial program.

The pee-wee team, the only complete one the club could dress, won its league title, the city championship and the provincial crown.

It was in 1967 that Mr. Ferguson enticed long-time soccer enthusiast Lloyd Hopkins into the Hercules organization. And it was around soccer that the club elected to rebuild.

Last season there were 250 boys enrolled and the bantam team won the provincial championship. The midgets were beaten in the provincial final.

All the teams have uniforms, something that was accomplished even while the executive fought to pay off the club's debt.

"We took in \$466 in fees last year," Mr. Hopkins said, "but we spent more than \$600. We paid off the debt through fund drives."

The club is going to be incorporated under the Societies Act shortly. And fund-raising will begin again in earnest.

St. Albert can again expect to see Hercules flex its muscles.

20 attend first Oilers' practice

Curling club shows profit

OILERS' COACH BOB MULLOY DISPLAYS GRIP ... to team manager Nor Lacoursiere, Fred Reaser, Gordon Kutze and Mike Mulloy

The 1969 baseball season got off to a successful start for St. Albert Oilers at the weekend.

They had clear weather for their first practice Saturday afternoon and they got themselves a sponsor.

Team manager Norm Lacoursiere said Sunday night that Willowbrook Homes Ltd. had taken over sponsorship of the team.

Oilers hope to enter the Oilfield Baseball League this summer and to this end will attend a meeting with league members early in May.

Devon, Calmar, Millet and Leduc have teams entered in the Eastern division, which the Oilers would prefer to join to cut down travel costs.

About 20 prospective players attended the opening practice. Lacoursiere said, however, that several more had signified intentions of trying out but were

unable to make the opening session.

Pitchers and catchers worked out at the Mission Park diamond Tuesday night and a full practice was to be held tonight at Paul Kane High School.

The Oilers are also looking for two umpires. Anyone interested should phone Lacoursiere at 599-7016.

CASEY ANDERSON

The St. Albert Curling Club has shown a profit on its 1968-69 operations.

Casey Anderson, installed as president of the club at its annual meeting Sunday night, said it was estimated the club made \$2,100 on its downstairs operation and \$2,200 on the upstairs club-room which only opened in December.

"The club's getting into a very healthy state," he said, "and we're looking for an even bigger year ahead."

Other executive members are holdovers Armand Donalds and Bob Riley and newcomers Rod Erickson, Al Mitchell, Allan McRae, Ernie Jamison, Richard Bird and Wally Irwin.

PAGE 15

Boxing club officials to appeal suspensions

Three officials of the St. Albert Boxing Club plan to file appeals against suspensions imposed by the Alberta Branch of the Athletic Union of Canada.

They are also asking for an inquiry into certain procedures that led to the suspensions.

Club Instructor Brian Jelley and executive member Del Larsen were suspended for six months and executive member Frank Kelly for three months for their part in running an unofficial card on March 22.

The sanction was lifted only 24 hours before the card was to go on by boxing committee chairman Gordon Russell and committee member Keith Wilson.

The suspensions were the result of a five-man board of inquiry held in Edmonton the following week.

Larsen said this week that he and the others have no quarrel with the AAU's decision to suspend them, as the boxing committee did have the authority to lift the sanction.

Their quarrel, he says, centres around the fact that

the sanction never should have been lifted and hence there would have been no suspensions.

Larsen disputed a claim by the boxing committee that the club had violated the rules by not sitting Paul Jelley out for 30 days following a knockout in the Golden Gloves Tournament in Edmonton.

"Jelley was not knocked out," Larsen said. "The referee stopped the fight as he thought Paul was being outclassed by an opponent that went on to win the Golden Boy Award as the top

fighter in the tournament."

Larsen charged that the St. Albert Club had used its own officials March 22 only because the boxing committee had contacted the officials who had originally agreed to work the card and told them that it was cancelled.

"Prior to this," Larsen said, "the St. Albert club had always left the supply of officials up to the boxing executive."

"It is worthy of note that neither the provincial boxing executive nor the AAU had ever objected to the

officials, Dr. Adrian Hobart, J. Parsons and W. Gutzak, at any previous time."

Dr. Hobart, Parsons and Gutzak were suspended for three months for working the card.

Referring to a claim that the St. Albert club would not attend a meeting with the boxing committee, Larsen said the club was unable to attend a meeting on March 20. They suggested a meeting for the following night, he said, but was informed the boxing chairman would not be available.

"The St. Albert club was not aware that the boxing executive could lift a sanction without any formal notice or without giving any reason for its action," Larsen said. "But to their chagrin, they found that such dictatorial policy does exist."

Larsen said "the duties of the chairman and his executive is, surely, to assist and encourage amateur boxing, not to hinder and intimidate those who would provide this valuable service to young children at considerable cost and effort."

Minor baseball growing

The sharp increase in registrations that hit hockey last winter has caught up with baseball.

More than 280 boys registered last week for Little Canadian Baseball, which will mean a completely new six-team league will be required this summer.

Last summer two six-team leagues opened the season but each league lost one team before the schedule closed.

Play in all three leagues this year will open April 23, with schedules of 15-game duration. Games are tentatively scheduled for Monday and Wednesday evenings.

The parks and recreation department is at work readying three new diamonds as nine will be required each evening.

Anyone wishing to coach should contact Perry Billingsley at 599-5460 and anyone wishing to umpire should contact Lance Cote at 599-6926.

Soccer under way

More than 220 boys will take to the soccer pitches this week as practices in the St. Albert Hercules Minor Soccer Association get under way.

The association has registered four teams with Edmonton, midget, bantam, pee-wee and atom, and league play will commence May 6.

There will be a 10-team atom league, for boys 10 and under, and a five-team league for boys 11, 12 and 13 years of age.

Wheelers to hold meeting

The Northern Wheelers Cycling Club will hold a meeting at the home of Peter McCaffery, 20 Sonora Drive, on Thursday night.

Guy Journeault, a St. Albert resident who has competed in the Tour de France, one of the major races in Europe, will attend the meeting.

Anyone interested in cycling is welcome to attend. For further information phone 599-7302.

MEN'S LEAGUE CHAMPIONS

... Roger Comeau, Frank Comeau, Lawrence Kluthe, Moise Comeau & Tony Leschuck

MIXED LEAGUE CHAMPIONS

... Richard Bird, Rene Bird, Denise Roussett and Lionel Roussett

LADIES LEAGUE CHAMPIONS

... Rose Fraser, Pearl Quintal, Marlene Wood, Opal Quintal and Shirley Fisher

The St. Albert Curling Club held its winchup banquet at the Club Macombe on Friday night. Trophies were presented to the Roger Comeau rink, winner of the men's section; the Rose Fraser rink, winner of the ladies' section; and the Richard Bird foursome, winners in the mixed. More than 200 persons attended the banquet.

Sports

St. Albert fighters defeated

Two St. Albert boxers lost out in their bids for provincial championships at Calgary on the weekend.

Donnie Wilson dropped a unanimous decision to Dale Anderson of Rocky Mountain House in the 115-pound novice class and on the strength of the decision Anderson was adjudged the best prospect in the championships.

Wilson, who fights out of the R Gym in Edmonton, had beaten Anderson in February for the 110-pound junior title.

Paul Jelley of St. Albert, fighting out of the Breton Club for the purpose of

the championships, took a solid thumping from Ken Hicks of Fort McMurray.

Jelley, fighting in the 125-pound class, was tagged solidly in the first round and his handlers threw in the towel before the bell when he went down for the second time bleeding from the mouth and nose.

Anderson and Wilson were rematched in the Kinsmen Field House in Edmonton on Monday when the Air Canada strike knocked a seven-member team from Detroit off the card.

This time around Wilson lost on a split decision.

McCaffery, Ludtke win time trials

Fighting a wind that at times gusted to 35 miles an hour, Frank Ludtke of the Edmonton Speed Skating Club clocked a fine 26:57 in a 10-mile time trial on Highway 2 running north from the weigh scales Sunday afternoon.

William Van Gelderen and B. Cilimo, both of Calgary, finished second and third, respectively, in the unrestricted gear event.

Peter McCaffery of the Northern Wheelers put in a time of 30:07 to win the restricted gear event. Bob West and Erik Peters, both of Velo Sport Edmonton, finished second and third, respectively.

Leon Hebert of the Northern Wheelers posted a time of 1:40:31 to finish 27 seconds ahead of Greg Peters of Velo Sport in the schoolboys four-mile event.

Mark Raven of the Wheelers finished third.

The races were sponsored by Velo Sport.

Next Sunday the Northern Wheelers plan a 22-mile Australian Pursuit race, which will be a handicap event.

The first racers will leave the weigh scales at 10 a.m., with others following according to their handicaps.

The scratch racers, such as Ludtke, will have 11 minutes against them before they turn a wheel.

The course will be from the weigh scales to the overpass at Morinville and return.

Coaches clinic planned

A two-day umpires and coaches baseball clinic will be held in Legal this weekend.

It will be sponsored jointly by the Alberta Baseball Association, the Alberta Baseball Umpires Association and the Legal recreation board.

Saturday activities will be devoted to umpiring and will run from 2 p.m. until 10 p.m. Instructors will be Mike Small and Mike Garvinchuk.

Sunday's clinic, to be conducted by Al Symington and Al Hooks, will deal with the fundamentals of coaching.

It will start at 9:30 a.m. Coaches, managers, officials and players are invited to attend.
